FOREWORD

*Funding for ECS-12 education is based on the principles of equity, flexibility and accountability. The allocations identified in this Manual represent a mechanism that equitably distributes provincial funding to support the education of all Alberta children and students from Early Childhood Services (ECS) to Grade 12. Unless otherwise specified, **school authorities** have maximum flexibility in determining how these funds are used to best meet local needs. School authorities are accountable for their use of funds and results achieved. The information in the manual is not intended as a substitute for provincial legislation or other policy, standards or regulations.*

GENERAL CONDITIONS

General terms and conditions related to funding are listed below. The Manual user should become familiar with these and ensure that they are met.

1. Unless otherwise specified, funding is for the current **school year** based on the funding rates and payment schedules found in Part 8.
2. The **Minister** may determine the funding amount and the method by which that amount is determined. This determination may include a reduction in funding where a strike or lockout leads to cessation of services by teachers or other employees of a **school authority**.
3. Funding is provided to **school authorities** with the expectation that the **school authority** will offer the necessary programs or services to meet the needs of all **funded children/students**. It is also expected that **school authorities** will comply with all relevant government legislation, policy, regulations, and standards when applying for funding. **School authorities** are accountable to meet the education needs of all their students and children, for the results achieved and for the use of resources. **Boards** who have entered into an **education services agreement** (under Section 62 of the *School Act*) remain responsible for the educational program of their **resident student** to whom the agreement applies as per Section 45 of the *School Act*.
4. **School authorities** are expected to:
 - a) meet the conditions and requirements outlined in this Manual. Failure to do so may result in a reduction or denial of funding, and
 - b) meet the requirements set out in or adopted pursuant to Sections 39(1) and 47 of the *School Act*, by
 - i. ensuring that only those courses of study or education programs prescribed or authorized by the **Minister** are followed;
 - ii. ensuring that the minimum total hours of instruction are made available to a child or student in a **school year**;
 - iii. ensuring that only those instructional materials authorized or approved by the **Minister** are used in **schools** (or by the **school board** for locally developed courses);
 - iv. ensuring that, subject to the right of a **board** to provide religious instruction, a course, an education program, or instructional material that has been prohibited by order of the **Minister**, are not used in **schools**;
 - v. ensuring that goals and standards applicable to the provision of basic education are met; and
 - vi. providing special education programming for students with special education needs.
 - c) meet the applicable requirements of the *Government Accountability Act* and the *Financial Administration Act*.

5. The reference documents listed in Section 9.4 of this Manual should be used by **school authorities** as companion documents to the *Funding Manual for School Authorities*. They should not be used exclusive of each other.
6. **School authorities** applying for funding shall keep on file, for seven years, the documents required to support their claim for each type of funding described in this Manual, including invoices. The following are examples of other information to be kept on file:
 - a) an eligible enrolment count as of the **count date** for the **school year**;
 - b) copies of current **education service agreements** including **transportation agreements**;
 - c) a record of the daily attendance of each enrolled student including high school students, the master timetable and student timetables and documents listed in Section 1.2;
 - d) a list of **schools**, teachers and administrators involved in each program.
 - e) documentation supporting a student's eligibility as a **funded student/funded child**.
 - f) where applicable, documentation supporting a student's eligibility for funding as a child of a **temporary resident**
7. Alberta Education reserves the right to request and inspect documentation to substantiate data submitted that determines funding allocations and that assists in conducting financial and other reviews. This document inspection may be conducted off-site or on-site in a **school authority**.
8. An adjustment may be made to a payment when a review or audit by Alberta Education indicates that:
 - a) a **school authority** has received funding to which it was not entitled (pursuant to Section 9(1) of the *Education Grants Regulation*) – Note: no limitation period; or
 - b) a **school authority** has not received funding to which it is entitled – Note: the limitation period for school authorities to request an adjustment/change to any funding, shall be three years including the current **school year**.
9. Payments may be withheld from **school authorities** if the Audited Financial Statements or the Budget Report have not been properly completed in accordance with the respective guidelines and submitted by the due date. This also applies to the **School Board** Three-Year Education Plan or the Annual Education Results Report (AERR) or any other information requested or required by the **Minister**. When the documents have been submitted and are determined to be acceptable, payments will then be released.
10. **ECS operators** who have received funding from Alberta Education to provide an **ECS program** and have decided to cease operations may be required to return a portion of their accumulated operating surplus to the Minister of Finance (see Section 9.4).
11. Pursuant to the Education Grants Regulation and the Government Organization Act, and in addition to the funding provisions in this manual, the **Minister** may provide funding to a **school authority**, or any other person, or organization for purposes related to the education of Alberta students and children..
12. Accumulated Operating Deficits
 - a) A budgeted **annual operating deficit** is acceptable if sufficient accumulated operating surplus (AOS) is available to cover the planned shortfall.. If sufficient AOS is not available, then the **accumulated operating deficit** (AOD) must be supported by a Ministry approved AOD Elimination Plan to be submitted with the Budget Report. A **school authority** submitting an **AOD Elimination Plan** will be expected to work with Alberta Education to achieve expected financial results.

REVISED

- b) November 30 is the deadline for **school authorities** to submit Audited Financial Statements (AFS) for the previous school year. A **school authority** submitting an AFS with an **accumulated operating deficit** (AOD) will be expected to work with Alberta Education to eliminate the AOD within three to five years in accordance with a Ministry approved AOD Elimination Plan.
- c) A **school authority** may be subject to an inquiry under Section 41 of the *School Act*. A **school jurisdiction** may be subject to the appointment of an official trustee under Section 42 of the *School Act* to conduct the affairs of the **school jurisdiction**.

LIMITATIONS

School authorities have maximum flexibility to use the funds allocated by Alberta Education to best meet local needs, however the following limitations will apply:

1. The maximum expenditure for system administration and **school board** governance will range from 4.0 and 6.0% depending on the student enrolment of the **school jurisdiction**. To determine the maximum expenditure the applicable percentage is applied to a **school jurisdiction's** total expenditures as outlined in the Guidelines published by the Financial Reporting and Accountability Branch.
2. Funding provided to support ECS to Grade 12 programs cannot be used to support courses, programs or training for adults (20 years and older).
3. Targeted Funding for Provincial Initiatives is allocated for specific priority programs as determined by Alberta Education, and are included in Part 5 of this Manual.
4. Funding for capital needs is allocated to **school jurisdictions** based on priorities and formulas determined by Alberta Education. Funding is provided for the areas of School Facilities and Infrastructure Maintenance and Renewal. Funding for these areas cannot be used for purposes other than capital needs.
5. Given the nature of the following funding areas, it is not possible to utilize the funding for purposes other than that for which it was provided: Francophone Education Funding, French Language Funding, Educational Programs in **Institutions** Funding, Regional Educational Consulting Services Funding, Program Unit Funding, Learning Resources Credit Allocation, Regional Consortium Funding, and Debt Retirement.

ALLOCATION CATEGORIES

Funding allocations are distributed in five categories: Base Instruction Funding, Additional Funding for Differential Cost Factors, Targeted Funding for Provincial Initiatives, Other Provincial Support, and Capital Funding.

1. Base Instruction Funding
 - a) is provided on a per student basis for every full-time equivalent (**FTE**) student from Early Childhood Services (ECS) to Grade 9. For students in Grades 10 – 12, Base Instruction funding is provided based on Credit Enrolment Units (**CEUs**).
2. Additional Funding for Differential Factors
 - a) is based on distribution formulas designed to address variable cost factors.
 - b) specific identified student populations include:
 - i. Early Childhood Services children with mild/moderate disabilities and those who are gifted and talented;
 - ii. **Children/Students with severe disabilities/Delay**;
 - iii. English as a Second Language/**Francisation** students;
 - iv. First Nations, Métis, and Inuit students;

- c) The percentage of the student population of a **school jurisdiction** experiencing low Socio-Economic Status (SES).
 - a) Funding for **students with severe disabilities** is based on a funding profile for each **school jurisdiction**.
 - b) SES is calculated on the general student population of the **school jurisdiction** and an incidence rate relative to the **school jurisdiction**. It is derived from census data provided by Statistics Canada.
 - c) The allocation formulas are designed to address variable cost factors, such as:
 - i. small schools by necessity;
 - ii. geographical **distance** between **school jurisdiction** central office and schools;
 - iii. year to year enrolment fluctuations;
 - iv. administration costs for **school jurisdictions** with small enrolments;
 - v. increased costs for **schools** located in the north;
 - vi. cost differences among **school jurisdictions** for purchasing of local goods and services;
 - vii. variable cost of transporting students in rural, urban and metro **school jurisdictions**;
 - viii. support for Hutterite colony schools;
 - ix. support for francophone students to have equivalent access to programs.
- 3. Targeted Funding for Provincial Initiatives
 - a) must be used for the purpose it was allocated, such as funding for Student Health Partnerships, Alberta Initiative for School Improvement and Small Class Size.
- 4. Other Provincial Support
 - a) is provided in addition to the funding identified above and covers such areas as Regional Educational Consulting Services, Institutional Programs, The Learning Resources Credit Allocation, Regional Consortium, Debt Retirement and the Fort McMurray Allowance.
- 5. Capital Funding
 - a) is provided for modernization of an existing school facility, or construction of a new school facility. This funding may only be used for the purpose it was intended.

REVENUE SOURCES FOR SCHOOL JURISDICTION FUNDING

The government provides **school jurisdictions** with their funding allocation from either or both of the following sources of revenue:

1. The Alberta School Foundation Fund (ASFF) provides payments on an equal amount per **ASFF eligible student***
 - a) For the purpose of the ASFF, the term "**school boards**" does not include **Francophone Regional Authorities, charter schools, accredited funded private schools** or **private ECS operators**.
 - b) The equal amount per **ASFF eligible student** from the ASFF is calculated by dividing the total requisition revenue collected by the province and opted out separate **school boards** by the total number of **ASFF eligible students**. All **school boards** will receive this dollar amount per **ASFF eligible student**.

When a separate **school board** has opted out of the ASFF and the local requisition per student is less than the ASFF payment per **ASFF eligible student**, the difference will be paid from the ASFF. If the local requisition is more than the ASFF payment per **ASFF eligible student**, the difference must be paid into the ASFF. For an opted out separate **school board**, the sum of the ASFF payment provided by the province and the tax revenue collected from the **school board's** declared taxpayers equals the ASFF payment the separate **school board** would otherwise receive if that **school board** participated fully in the ASFF.

2. The General Revenue Fund (GRF) provides grants authorized by the **Minister**.
 - a) In a **school year**, a **school jurisdiction** will receive funding from the GRF of the province equal to its funding allocation less the payments it receives from the ASFF (if applicable). For example, a public **school jurisdiction** entitled to a funding allocation of \$30 million and receiving \$10 million in ASFF payments would be eligible for \$20 million from the GRF.
 - b) GRF provides funding for **accredited funded private schools** and **private ECS operators**.

Payment from ASFF

A funding allocation is calculated in the same way for public and separate **school boards** participating in the ASFF and separate **school boards** that have opted out of the ASFF.

School boards will receive a payment from the ASFF equal to their number of **ASFF eligible students** multiplied by the amount per **ASFF eligible student**. The difference between a **school board's** funding allocation and payment from the ASFF is provided by a grant from the GRF of the province.

Separate **school boards** that have opted out of the ASFF receive local education property tax requisitions quarterly from their declared taxpayers. Alberta Education provides a monthly advance on the local education property tax requisition that is repaid by the opted out **board** by the last banking day of each of the months of March, June, September and December. Opted out separate **school boards** whose local requisition per **ASFF eligible student** is less than the provincial payment per **ASFF eligible student** will also receive a payment from the ASFF that, when combined with their local education property tax requisition, would be the same amount they would receive if participating in the ASFF. The balance of the funding allocation for an opted out separate **school board** is provided by a grant from the GRF of the province.

Glossary of Terms

The Glossary of Terms outlines the definitions of terms used in the Manual. Each term is printed in **bold face type** throughout the Manual and has a specific meaning for funding purposes.

PART I — FUNDING FOR SCHOOL JURISDICTIONS, FRANCOPHONE REGIONAL AUTHORITIES, AND CHARTER SCHOOLS

BASE INSTRUCTION FUNDING

Section 1.1 — Early Childhood Services (ECS) Base Instruction Funding

ALLOCATION FORMULA

$$\text{ECS Funding Allocation} = \text{\# of funded children} \times (\text{ECS Base Instruction Rate} + \text{ECS Class Size Rate}^*)$$

*Note: **accredited funded private schools, private ECS operators,** and Hutterite Colony Schools are not eligible for Class Size Funding.

ALLOCATION CRITERIA

1. Access to at least 475 hours of ECS instruction must be provided.
Exceptions:
 - a) ECS mild/moderate, gifted or talented see Section 1.5, and
 - b) ECS Program Unit Funding (PUF) see Section 1.6.
2. A child referred to in Section 30(1)(a) of the *School Act* is not a resident or non-resident student of a **board**, therefore, an approved **ECS operator** must be prepared to accept and organize programming for all **funded children** for whom programming is requested, including **children with special needs**.
3. A **funded child** can only be claimed for funding by one **ECS operator** per year.
4. **ECS operators** are eligible for one year of ECS Base Instruction Funding for regular ECS **funded children**, who are at least 4 years 6 months of age and less than 6 years of age on September 1.
5. **ECS operators** may only charge a fee to **parents of funded children** in a basic 475-hour program to offset non-instructional costs such as supplies, snacks and field trips.
6. **ECS operators** that offer an **ECS program** with more than 475 hours may charge a reasonable fee to cover the cost of the additional instructional hours.
7. An individual who is at least 5 years 6 months but less than 6 years of age on September 1, and who is either coded severe or mild/moderate, may be counted as a **funded child** (rather than as a **funded student**) if the **school jurisdiction**, the **ECS operator** and the parent agree that an **ECS program** is the most appropriate program, and the child has spent less than the number of years in the program for which they are eligible.

8. An individual who is at least 6 years old but less than 7 years old on September 1 may be counted as a **funded child** (rather than a **funded student**) if they are enrolled in an **ECS program** and are either **developmentally immature** or are entering an **ECS Program** for the first time. Any other situations involving registering an over age child require special approval by the School Finance Branch.
9. When a **funded child** (not a **child with special education needs**) lives in a remote area and there is no ECS program offered in a **school** within a reasonable transportation **distance**, the **school jurisdiction** may provide an **ECS home program**. A certificated teacher must plan, deliver and evaluate the program and the program must have at least twenty-two visits to the family home for a minimum of 1.5 hours each -considered equivalent to a basic 475-hour kindergarten program. The frequency, setting and structure of an **ECS home program** must be determined in consultation with **parents**. An **ECS home program** is not a home-education kindergarten program and it is not **family-oriented programming**.

FEES AND DEDUCTIONS

Portable Classroom Rental Fee:

Alberta Education will deduct from the funding amount due to an ECS Operator a rental fee of \$100 a month (plus GST) for each ECS portable classroom under an existing lease agreement with Alberta Infrastructure. New requests for portable classrooms will not be considered.

Monthly fee deductions will be made for programs that operate for partial months if the program begins before the 15th day of the month or ends on or after the 15th day of the month.

Subject to Ministerial approval, an ECS Operator will be given the opportunity to purchase a portable that is under an existing lease agreement with Alberta Infrastructure and is in good repair. Alberta Infrastructure is responsible for the disposition of a portable if it is no longer required or if the cost of maintenance and repair can no longer be justified.

FEES AND DEDUCTIONS

1. *Access Copyright (formerly Cancopy):*

School authorities are subject to the *Access Copyright Elementary and Secondary School Tariff 2005-2009*, as set by the Copyright Board of Canada in 2009. Alberta Education makes the payment for the tariff on their behalf. The costs of the tariff, plus GST, are recovered from **school authorities** on a full-time equivalent (**FTE**) **funded child/student** basis.

2. *EduLink:*

EduLink, a multi-function data exchange software tool has been created to help simplify current data management and exchange processes.

Alberta Education will deduct approximately 35¢ plus GST per **funded student** and **funded child** on behalf of all participating **school authorities**. This deduction will be made in September or October and based on the prior year **frozen funded head count student** and **funded child** count. The deduction will be reflected on the September or October funding statement. It is up to the individual **school authorities** to apply for any GST rebate from the Government of Canada.

REVISED

Alberta Education will forward the maintenance fee of \$250,000 to Edmonton Catholic Schools, the host **board**. This funding provides for the annual maintenance budget but does not address the cost of any significant changes to the software.

3. *Alberta School Boards Association (ASBA):*

The Alberta School Boards Association (ASBA) has asked Alberta Education to deduct the ASBA membership fees plus GST from the instruction funding for most **school jurisdictions**. These deductions will be reflected on the October and April funding statements. The deduction is calculated by multiplying a weighted student count times a fee per student (set annually by the ASBA), plus a \$6,500 basic fee charged to each **school board**.

If a **school board** wishes to be billed directly by the ASBA for membership fees (rather than continue the automatic deduction by Alberta Education), they should submit a written request to the ASBA before the start of the **school year** and send a copy to the Director of the School Finance Branch, Alberta Education.

Section 1.10 — First Nations, Métis and Inuit (FNMI) Education Funding

ALLOCATION FORMULA

FNMI Education Allocation	=	# of FTE FNMI children/students	X	FNMI Rate
---------------------------	---	--	---	-----------

ALLOCATION CRITERIA

1. Funding for **school jurisdictions** is based on the number of self-identified FNMI **FTE children/students**. Funding for level 2* **accredited funded private schools** is based on the number of self-identified FNMI **FTE students** only. Note: does not include FNMI **FTE children**.

These students/children are offered the option to self-identify through a signed declaration on the school registration form. **Schools** are then responsible to ensure that students and parents are provided with an opportunity annually to verify demographic information on the student record. This may be done in a variety of ways, depending on district procedures. For more information on annual verification please see the *Information for School Authorities* document on the Aboriginal Learner Data Collection Initiative (ALDCI) webpage.

3. **First Nations students who reside on a reserve** and who attend an Alberta school off reserve, are funded by the Government of Canada and do not qualify for funding under this section. These students should be coded 330 for funding purposes. In addition to the 330 code, they should also be coded as 331 if they choose to self-identify for data collection purposes under the ALDCI. Therefore, both codes may be entered for these students and the 330 code will override the 331 for funding purposes.
4. **Funded students** enrolled in home education or **blended programs** are not eligible for funding under this section.

Section 1.12 — Relative Cost of Purchasing Funding

ALLOCATION FORMULA

REVISED

$$\text{RCPA} = \left(\frac{a + b + c}{2} \right) \times d$$

Where,

- a = 20% x School jurisdiction funding -see exclusions in Allocation Criteria #1
- b = 47 % x Transportation and Boarding funding
- c = 75 % x Plant Operations and Maintenance funding
- d = RCPA Adjustment factor (min. value 1.0)

ALLOCATION CRITERIA

1. The following are excluded from the calculation of school jurisdiction funding in “a” :
 - REVISSED Provincial Priority Targeted Funding (Part 5 of the Manual), Stabilization, Transportation, Boarding, Fuel Price Contingency, Plant Operations and Maintenance, and Capital funding.
2. The Jurisdiction RCPA Index number is based on the spatial price index developed by the Ministry of Finance and Enterprise, which will be reviewed and adjusted regularly. The RCPA Adjustment Factor is determined by taking the Jurisdiction RCPA Index number as indicated in the table below and subtracting 1.0.
3. The index will have a minimum value of 1.0 for all **school jurisdictions** to ensure that a **school jurisdiction** will not lose funding under the RCPA formula.
4. The **school jurisdictions** in the City of Red Deer will have a constant index value of 1.0, with the city of Red Deer considered the benchmark centre.
- NEW 5. NOTE: This funding is reduced by 50 per cent for 2011/2012 and will be discontinued at the end of the school year.

Section 1.13 — Northern Allowance Funding

ALLOCATION FORMULA

$$\text{Northern Allowance Allocation} = \left(\begin{array}{l} \text{Lower} \\ \text{Zone FTE} \\ \text{funded} \\ \text{enrolment} \end{array} \times \begin{array}{l} \text{Lower} \\ \text{Zone} \\ \text{Rate} \end{array} \right) + \left(\begin{array}{l} \text{Intermediate} \\ \text{Zone FTE} \\ \text{funded} \\ \text{enrolment} \end{array} \times \begin{array}{l} \text{Intermediate} \\ \text{Zone} \\ \text{Rate} \end{array} \right) + \left(\begin{array}{l} \text{Upper Zone FTE} \\ \text{funded enrolment} \end{array} \times \begin{array}{l} \text{Upper Zone} \\ \text{Rate} \end{array} \right)$$

ALLOCATION CRITERIA

1. Northern allowance funding is provided to eligible **school jurisdictions** based on the **FTE funded enrolment** of all **schools** located in their respective zones. Funding for eligible level 2* **accredited funded private schools** is based on **FTE funded students**.
2. Zones are described as follows:
 - a) Lower Zone – **schools** located between the 55th and 56th parallels of latitude.
 - b) Intermediate Zone – **schools** located between the 56th and 57th parallels of latitude.
 - c) Upper Zone – **schools** located north of the 57th parallel of latitude.
3. The zone in which a **school** is located is determined from the legal land description of the physical location of the **school**.
4. Students enrolled in **home education, online programs** and Hutterite colony schools are not eligible for funding under this section.

*As per Accountability and Declaration Form 11AE3.0

Section 1.14 — Small Schools by Necessity Funding

ALLOCATION FORMULA

$$\text{Small Schools by Necessity} = \left(\begin{array}{l} \text{Total} \\ \text{Base} \\ \text{Allocation} \end{array} + \begin{array}{l} \text{Total} \\ \text{Variable} \\ \text{Allocation} \end{array} \right) \times \left(\frac{\text{Total \# of Small Schools by Necessity}}{\text{Total \# of Small Schools}} \right) + \text{Closed School Allocation (where applicable)}$$

1. TOTAL BASE ALLOCATION:
 - a) for each school with a '**FTE funded enrolment**' of 150 or fewer; Base Allocation = \$86,550.
 - b) for each school with a '**FTE funded enrolment**' greater than 150 but fewer than 226;

$$\text{Base Allocation} = \$86,550 - \left[\left(\frac{\$86,550}{76} \right) \times \left(\text{FTE Funded Enrolment} - 150 \right) \right]$$

The Total Base Allocation is the sum of a) and b) for all schools in each category.

2. TOTAL VARIABLE ALLOCATION:

Each school is categorized according to Table 1 below. A school that does not fit clearly into one of the categories in the Table should be included under the category that is a best fit. For example, a school with enrolment in Grades 7 to 9 or a school with enrolment in K to 8, the best fit category would be K to 9. For a school with enrolment in Grades 9 to 12, the best fit category would be K to 12.

TABLE 1

Grade Category	School Rate	Peak Enrolment	Small School FTE Funded Enrolment Limit	# of Grades in the Grade Configuration
K to 3	\$577	40	80	3.5
K to 6	\$1618	80	150	6.5
K to 9	\$1,848	80	220	9.5
K to 12	\$2,886	80	290	12.5

Once each school is categorized, the data from Table 1 is used in the following formulas to calculate the variable allocation for each school.

The Total Variable Allocation is the sum of a) and b) for all schools in each category.

Variable Allocation = Unadjusted FTE funded enrolment rate X Grade Factor X FTE funded Enrolment

Where

Grade Factor = $\frac{\text{Actual \# of Grades with FTE funded enrolment}}{\text{\# of Grades in the Grade Configuration}}$

And

For each school with a 'FTE funded enrolment' fewer than or equal to the Peak Enrolment (see Table 1):

a)

$$\text{Unadjusted FTE funded enrolment rate} = \left(\frac{\text{School Rate}}{\text{Peak Enrolment}} \right) \times \text{FTE funded enrolment}$$

b) for each school with a 'FTE funded enrolment' greater than the peak enrolment but fewer than or equal to the small school *FTE funded enrolment limit (see Table 1):

$$\text{Unadjusted FTE funded enrolment rate} = \text{School Rate} - \left[\text{Smoothing Factor} \times \left(\text{FTE funded enrolment} - \text{Peak Enrolment} \right) \right]$$

Where

$$\text{Smoothing Factor} = \frac{\text{School Rate}}{\text{Small school FTE funded Enrolment Limit} - \text{Peak Enrolment}}$$

3. TOTAL NUMBER OF SMALL SCHOOLS:

The total number of small schools is the total number of schools in the jurisdiction that have been allocated funding for either the Base or Variable Allocations, or both.

4. TOTAL NUMBER OF SMALL SCHOOLS BY NECESSITY:

Each small school (identified in # 3) is deemed to be 'necessary' or 'not necessary' based on the transportation of its **FTE weighted funded enrolment** to nearby receiving schools in accordance with the following rules:

- a) the **distance** from the small school to the receiving schools must be within 25 km for schools in rural areas, and within 6 km for schools in urban areas. Urban areas are defined as Edmonton, Calgary, Red Deer, Lethbridge, Medicine Hat, Fort McMurray, Grande Prairie, St. Albert, Sherwood Park, Spruce Grove, and Stony Plain.
- b) the receiving schools must have available capacity to accommodate the additional students. Available capacity at a receiving school is defined as 85 per cent of the **school building** capacity, less the **FTE weighted funded enrolment**.
- c) the small school **FTE weighted funded enrolment** can be designated to a maximum of 2 receiving schools per grade configuration. Grade configurations are defined as K – 6, 7 – 9, and 10 – 12.

If all conditions above are met, the small school under scrutiny will be considered not necessary. If any of the conditions above are not met, the small school will be considered by necessity. The total number of small schools by necessity is the total number of schools that do not meet all three conditions.

5. CLOSED SCHOOLS ALLOCATION:

In the 2004-2005 **school year school jurisdictions** started to receive Small Schools by Necessity Funding for those **schools** closed that would have qualified as a Necessary Small School. The funding is provided at declining rates as follows:

First Year School Closed	100% of Small Schools by Necessity Funding
Year 2	75%
Year 3	50%
Year 4	25%
Year 5	0%

Schools that closed before the 2004-2005 **school year** are not eligible for this funding.

6. Students enrolled in **schools of choice** such as outreach, home education, **charter schools**, hutterite colony schools are not counted for funding under this section.

Section 1.15 — Small Board Administration Funding

ALLOCATION FORMULA (excluding non-operating school boards)*

Funding is provided to eligible **school jurisdictions** using a), b) or c) below:

Small School Board Administration Allocation	=	a) \$461,594 for a school jurisdiction (excluding charter schools) with FTE funded enrolment of 2,000 students or less										
		OR										
		b) For a school jurisdiction (excluding charter schools) with a FTE funded enrolment between 2,000 and 3,000:										
		$\$461,594 - \left[\$461.60 \times \left(\text{FTE funded enrolment} - 2,000 \right) \right]$										
		OR										
		c) For charter schools use the following formulas:										
		<table border="1"> <thead> <tr> <th>FTE Funded Enrolment</th> <th>Allocation Formula</th> </tr> </thead> <tbody> <tr> <td>i. less than 500</td> <td>\$190,036</td> </tr> <tr> <td>ii. FTE Funded Enrolment	Allocation Formula											
i. less than 500	\$190,036											
ii. Between 500 - 2,000	(i) + [\$105 X (enrollment - 500)]											
iii. between 2,001 - 3,000	(i) + (ii) - [\$455 X (enrollment - 2,000)]											
iv. greater than 3,000	No Small Board Administration Allocation											

*Funding under this section for a **non-operating school board** will be based on the lesser of an approved administration and governance budget submitted to the School Finance Branch or actual administration and governance costs as reflected in the Audited Financial Statements.

Section 1.16 — Stabilization Funding

REVISED

ALLOCATION FORMULA

Stabilization Allocation	=	2010/2011 Stabilization Allocation	X	50%
--------------------------	---	------------------------------------	---	-----

ALLOCATION CRITERIA

1. The 2003/2004 **school year** is the base year for which Stabilization Funding was calculated.

NEW

NOTE: For 2011/2012 this funding will be reduced by 50 per cent and then will be discontinued at the end of the school year.

Section 1.17 — Hutterite Colony Schools Funding

ALLOCATION FORMULA

$$\text{Hutterite Colony School Funding} = \text{\# of colony schools with funded children/students} \times \text{Rate per colony school}$$

A **school jurisdiction** may only charge a fee when it can substantiate that the cost of providing services for students in colony **schools** exceeds the funding they are receiving for those students. In these situations an application must be made to the Assistant Deputy Minister, Strategic Services Division, Alberta Education for permission to levy a fee on individual Hutterite colonies. Before making application, **school jurisdictions** must have:

1. Pooled all funding associated with the colony **school(s)** – this includes Hutterite Colony Schools Funding, Base Instruction Funding, Socio-Economic Status Funding, Special Needs Funding, etc., and
2. Proof of consultation with the Hutterite colony affected when developing the application.

SECTION 1.18 — Francophone Equivalency (Francophone Regional Authorities)

ALLOCATION FORMULA

$$\text{Francophone Equivalency Access (FEA) Funding} = \frac{\text{Eligible \# of funded students Grade 1 - 12}}{\text{Eligible \# of funded students Grade 1 - 12}} \times \text{FEA Rate}$$

ALLOCATION CRITERIA

In accordance with the *Canadian Charter of Rights and Freedoms* (Section 23), this funding is available to **Francophone Regional Authorities** to allow students access to programming that is equivalent to that being offered by English-language schools.

SECTION 1.19 — Plant Operations and Maintenance (School Jurisdictions)

ALLOCATION FORMULA

$$\text{Plant Operations and Maintenance Allocation} = \left[\text{Base Line Funding} \times \left(1 + \frac{\text{Sparsity-Distance Factor}}{\text{Distance}} \right) \right] + \text{Travel Time Allowance} + \text{Small School Necessity Differential}$$

1. **BASELINE FUNDING:**

POM calculation is based on the following rates applied to the **FTE weighted enrolment** taken from the **Frozen Funded Head Count** of the previous year. Online students (code 620) are at 0.1 FTE for the purpose of this grant.

Grades	Rate per Weighted FTE
K - 6	\$779.71
7 – 9	\$736.45
10 – 12	\$740.57

2. SPARSITY-DISTANCE FACTOR:

This component makes adjustments for sparsity and **distance** factors in each jurisdiction. The following table determines the combined Sparsity-Distance Factor Per Cent for jurisdictions.

Sparsity-Distance Factor Table

Distance Factor	Sparsity Factor					
	0 to 0.249	.25 to 0.99	1 to 1.49	1.5 to 1.99	2 to 2.49	2.5 to 3.0
0 - 100km	0%	1%	2%	3%	4%	5%
100 - 200	1%	2%	3%	4%	5%	6%
200 - 400	2%	3%	4%	5%	6%	7%
400 - 600	4%	5%	6%	7%	8%	9%
Over 600	8%	9%	10%	11%	12%	13%

3. TRAVEL TIME ALLOWANCE:

This component allows for maintenance staff travel time and is determined as follows: (sum of the **distance** from each school to the central maintenance shop less 25 kilometers) X (3 trips to school per week X 52 weeks) X \$0.45 per kilometer.

4. SMALL SCHOOLS BY NECESSITY (SSBN) DIFFERENTIAL:

a) This component is a supplemental adjustment for SSBN and is the sum of the following calculations:

- i. SSBN Differential X K-6 per cent of total funded enrolments X \$779.71 per student
- ii. SSBN Differential X Gr. 7 – 9 per cent of total funded enrolments X \$736.45 per student
- iii. SSBN Differential X Gr. 10 – 12 per cent of total funded enrolments X \$740.57 per student

b) Each school's SSBN Differential is determined as follows:

- i. (school's capacity X 85 per cent) less school's enrolment
- ii. The total SSBN differential is the sum of the SSBN differentials calculated for each school.

The "per cent of total funded enrolments" is calculated by dividing the previous year funded enrolment for the grade range by the total previous year funded enrolment (across all grades) for the **school jurisdiction**. The jurisdiction's previous year "funded enrolments" are calculated using the same criteria as for the Baseline Funding component.

The SSBNs used in this formula are those that qualified for SSBN funding in the previous **school year**.

5. **Charter Schools** are not eligible for the SSBN component of this funding.

Section 1.20 — Charter Schools Funding

ALLOCATION FORMULA

The funding formula and rates under Part 1, Part 3, Part 5, Part 6; and Part 8 that apply to **school jurisdictions**, also apply to **charter schools**. However, **charter schools** are not eligible to claim funding under sections 1.3 Severe Disabilities Profile, 1.4 Home Education, 1.14 Small Schools by Necessity, and 6.5 Debt Retirement.

ALLOCATION CRITERIA

1. BASE INSTRUCTION FUNDING:

Funds are provided to **charter boards** for each **funded student** enrolled in an established **charter school** whose charter has been approved by the **Minister**.

2. TRANSPORTATION:

- a) A **charter board** can enter into a transportation agreement with a **school jurisdiction** for student transportation. Under such an agreement, the local **school jurisdiction** may claim funding for the transportation of **charter school** students as if they were students in the **school jurisdiction**.
- b) If a **charter board** is unable to reach an agreement with a **school jurisdiction** for the transportation of its urban students, the **charter school** may claim transported students at the metro urban regular transportation rate.
- c) **Charter boards** who are unable to reach an agreement with a **school jurisdiction** for the transportation of their rural students, may claim, with respect to each **eligible passenger** resident in a **rural school jurisdiction**, the base **density** rate provided per **eligible passenger** transported for which the **board** of that **rural school jurisdiction** is eligible. Where an eligible passenger resides within the boundaries of a separate district, funding will be provided for that eligible passenger at the lowest **density** rate between the separate district and the public district.
- d) For parent-provided transportation, a **charter board** must have signed agreements/contracts in place and on file by October 31

3. Funding for **students with severe disabilities** attending **charter schools** is provided based on the eligibility of individual students. **Charter schools** that have **students with a severe disability** must comply with the Conditions and Requirements outlined in Section 3.3.

4. The student count used by a **charter school** as of the **September count date** must not include students counted by another **school authority** on the **September count date**.

TRANSPORTATION

Section 1.21 — Boarding Funding

ALLOCATION FORMULA

$$\text{Boarding Allocation} = \frac{\text{\# funded students eligible for funding}}{\text{funding}} \times \text{Funding Rate for Boarding}$$

ALLOCATION CRITERIA

1. The **parents** of the eligible **funded student** must reside in the **school jurisdiction**.
2. Boarding funding is paid if the **funded student** is directed by a **board** to attend a **school** in Alberta under Section 53 of the *School Act* or a program of studies prescribed by the **Minister**.
3. Funding for boarding is not paid to a **school jurisdiction** for a **resident student** who is:
 - a) attending a **private school** outside Alberta when the education program has not been previously approved by the **Minister**, or
 - b) enrolled after the **September count date**.

Section 1.22 — Rural Transportation Funding

ALLOCATION FORMULA

1. A rural **school jurisdiction** may apply for the following rural transportation funding:
 - a) Rural Transportation Support

$$\text{i. Density Allocation} = \frac{\text{Eligible Passenger/Eligible Transported ECS Child}}{\text{Eligible Passenger/Eligible Transported ECS Child}} \times \text{Applicable Annual Density Rate per Eligible Passenger/Eligible Transported ECS Child}$$

PLUS

$$\text{ii. Distance Allocation} = \frac{\text{Applicable Eligible Transportation Distance (kms) for each Eligible Passenger/Eligible Transported ECS Child}}{\text{Eligible Passenger/Eligible Transported ECS Child}} \times \text{Applicable Distance Rate}$$

Total rural transportation support is the sum of the amounts calculated in i) and ii) above multiplied by the applicable weighting factor for each **eligible passenger** and **eligible transported ECS child**.

- b) Inter-School Transportation Support

Support to a rural **school jurisdiction** for a bus providing inter-school transportation to each group of 66 weighted **eligible passengers**, or portion thereof, is calculated as follows:

$$\text{Inter School Allocation} = \frac{\text{Daily km's (not including deadhead km's) of inter school transportation for the bus}}{\text{the bus}} \times \frac{\text{\# of days of inter-school transportation in the school year for the bus}}{\text{year for the bus}} \times \text{Support Rate}$$

The total annual support for inter-school transportation is the aggregate of the amounts calculated for each bus providing inter-school transportation.

c) Cooperative Transportation

In addition to regular rural transportation funding (above), **boards** that are transporting non-resident students who are **eligible passengers/eligible transported ECS children** (through a cooperative bussing arrangement) to a **school** of the **board**, or to another **school jurisdiction**, are eligible for the following funding incentive:

# of non-resident eligible passenger/eligible transported ECS children transported under a cooperative bussing arrangement	X	50% of the transporting board's Density Rate
---	---	---

d) Bus Modification or Purchase Allowance to Accommodate Wheelchair Passengers
Refer to Section 1.25, Special Transportation

ALLOCATION CRITERIA

1. General:

- Funding is provided for an **eligible passenger** or **eligible transported ECS child** of a rural area or a city, town, village or hamlet with a population of less than 10,000 (per most recent Municipal Affairs census). For municipalities with a population of 10,000 or greater refer to Section 1.23 Urban Transportation.
- Where the net support for student transportation of a **board** decreases in excess of 3 per cent as a result of a community population reaching 10,000 or as a result of movement between **density** grid columns, an adjustment may be determined for that jurisdiction based on the amount greater than 3 per cent.
- For parent-provided transportation, rural **school jurisdictions** must have signed agreements/contracts in place and on file by October 31.
- Funding is not provided under this section for a **funded student** counted under Section 1.25 Special Transportation or a **funded child** counted under Section 1.27 ECS Special Transportation.
- Eligible passengers** with severe disabilities who ride on a regular route **school bus** will be claimed under this section using the rural transportation rate and are not eligible for funding under Section 1.25, Special Transportation.
Students with disabilities who cannot, because of the severity of their disability, ride a regular route **school bus** can be claimed under Section 1.25, Special Transportation. (NOTE: all students on designated buses must be claimed under the same section.)
- First Nations Students who reside on a reserve** are not eligible for transportation funding.
- Rural **School jurisdictions** may qualify for Relative Cost of Purchasing Adjustment (RPCA) funding for transportation services. Please see details in Section 1.12.

2. Rural Transportation Funding:

- Transportation funding shall be based on the eligible **distance** from the student's residence to the nearest school in the attendance area or transportation service area in which the student resides.

If the student is directed by the **board** to attend another **school** for any of the following program considerations and the **school board** at its discretion transports the student to that school, transportation support shall be paid based on the **distance** from the student's residence to the school to which the student was directed. The following is a list of program considerations:

- Alternative French language programs** (including French immersion and bilingual programs) and **other language immersion programs**;
- Special Education Programs to meet the needs of **students with severe disabilities**;
- Special Education Programs to meet the need of students with mild/moderate disabilities and gifted and talented students when **board** criteria have been met;
- High School CTS Programs offered to an advanced level in a specialized classroom facility where the course curriculum requires the instructor to have the technical trade qualification (Courses include Mechanics, Fabrication Studies, Cosmetology and Construction Technology).

- If a **board** directs a **funded student** to a **school** outside their jurisdiction for any of the program considerations above then an **education service agreement** is required.
- b) if a **resident student** of a **board** is enrolled in a **school** of the **parent's** choice outside the attendance area or transportation service area (as defined in the *Student Transportation Regulation*) in which the student resides, eligibility for transportation support is determined by the **distance** to the **school** nearest the student's residence.
 - c) where a **board** has adopted over-lapping **school** attendance or transportation service areas, eligibility for funding is determined by the **distance** to the **school** nearest the student's residence.
 - d) if a student who is not a **resident student** of the **board** accesses that **board's** transportation system in accordance with the *Student Transportation Regulation, Section 4*, at a point 2.4 kilometers or more from the **school** attended, and where there is not a **transportation agreement** or an **education services agreement** between the **resident board** and the **board** providing transportation, the **board** providing transportation service may claim only the **density** support for that student.
 - e) if a **board** extends its transportation service outside its jurisdiction boundaries to provide service to a non-resident student not covered by a **transportation agreement** and an **education services agreement** between the **resident board** and the **board** providing transportation, the **board** providing transportation service is not eligible for transportation funding for that student.
 - f) a **school jurisdiction** which is providing transportation in only a portion of its area, for those **eligible passengers** residing in the jurisdiction but beyond the transportation service area and are transported through co-operative bussing arrangements with other **school jurisdictions**, area and **density** for the **school jurisdiction** shall be calculated on the basis of the area directly served by the **school jurisdiction** and the **eligible passengers** residing in that area.
 - g) if a **board** is providing transportation services under a cooperative bussing arrangement with another **board** and the two **boards** are not sharing a co-terminus area, the area of the **board** receiving transportation services will be added to the transporting **board's effective transportation area** when determining the **density** rating for the transporting **board**.
 - h) Rural Transportation Funding is available only to rural **boards** operating student transportation systems. A **board** accessing transportation services for its **resident students** through a cooperative bussing arrangement is not eligible for rural transportation funding.
 - i) a **board** transporting an **eligible passenger** of another **board** under a **transportation agreement** to the **designated school** of the **eligible passenger's resident board**, who resides outside the transportation service area of the resident **board** and accesses the bus route of the transporting **board**, may claim the **density** and the **distance** support from the **designated school** to the point where the student accesses the bus route for that **school**.
 - j) students in a wheelchair who ride a **school bus** will be funded at 8 times the regular rate.
3. ECS Transportation:
- a) a **school jurisdiction** that claims ECS Regular Transportation funding must transport, or make arrangements for the transport of **funded children** attending **ECS programs** at a service level that is consistent with the transportation of students under Section 51(1) of the *School Act*.
 - b) a **school jurisdiction** providing transportation to and from an **ECS program** may charge the **parent** of a **funded child** a fee for the transportation service. The total amount of the transportation fee charged to **parents** shall not exceed the total costs of the provision of ECS transportation services less the ECS transportation funding the **school board** receives from Alberta Education.
 - c) a **school jurisdiction** may claim **eligible transported ECS children** it transports to programs operated by another **board**, a **private school**, or a **private ECS operator** as **eligible passengers** if the **board** has a **transportation agreement** with the other **board**, **private school**, or **private ECS operator**.
 - d) **ECS children with disabilities/delays** who require special transportation will be funded at the ECS Special Transportation rate. Transportation funding for these children must be claimed under Section 1.27 ECS Special Transportation.

4. Inter-School Transportation:
 - a) Inter-School Transportation for students whose courses of study require a special **school** facility or equipment not available in the **school** they attend, may be claimed for support provided that:
 - i. the course of study is prescribed by the **Minister**;
 - ii. the course of study requires a special **school** facility or equipment not available at the **school** of daily attendance for those students; and
 - iii. the course of study requires the use of the special **school** facility or equipment for at least 18 consecutive weeks.
 - b) Off-Campus Education Programs, recreational programs, and intermittent bussing between **schools** or to such activities as swimming programs are not eligible for inter-school transportation support.
5. Students in an **online program** or **outreach program** where they are accessing 50 per cent or more of their educational program at a **school** of the **board** or students in a **blended program**, that are transported by the **board** to a **school**, may be claimed as **eligible passengers** under Rural Transportation.

DOCUMENTATION AND REPORTING REQUIREMENTS

1. Rural **school jurisdictions** are required to submit electronically a Rural funding application to the Business Operations and Stakeholder Support Branch by November 30. Payment is made on the basis of the submitted information, Rural Transportation Allocation Criteria and Funding Rates, and in accordance with the *School Act* and the *Student Transportation Regulation*.

Note: the Rural funding application includes the Rural Special Transportation section. Refer to Section 1.25 Special Transportation for Rural Special Transportation Allocation Criteria.
2. Transportation support payments for each new **school year** will be paid at 100 per cent of the previous year's funded monthly amount until the review of the new funding application has been completed. If the new funding application has not been received by December 31, the January payment will be reduced to 75 per cent of the previous year funded monthly amount retroactive to September 1 and continued until the new funding application is received and reviewed.
3. Only **funded students** and **funded children** enrolled on the **September count date** are eligible for funding. Special consideration for the **September count date** may be given to **school jurisdictions** experiencing exceptional growth in transportation needs.
4. For purposes of calculating **density** support, the **effective transportation area** of the **school jurisdiction** is that taken as of the **September count date**.

Section 1.23 — Urban Transportation Funding

ALLOCATION FORMULA

1. An urban **school jurisdiction** may apply for the following urban transportation funding:

a) URBAN TRANSPORTATION SUPPORT:

i.	Basic Allocation	=	Eligible Passenger/Eligible Transported ECS Child	X	Applicable Urban Transportation Rate
----	------------------	---	---	---	--------------------------------------

PLUS

ii.	Distance Allocation	=	Applicable Eligible Transportation Distance (kms) for each Eligible Passenger/Eligible Transported ECS Child	X	Applicable Distance Rate
-----	---------------------	---	--	---	--------------------------

Total urban transportation support is the sum of the amounts calculated in i) and ii) above multiplied by the applicable weighting factor for each **eligible passenger** and **eligible transported ECS child**. Note: the weighting factor and distance support only applies for students transported by yellow school bus.

The funding an urban jurisdiction receives for rural students will be calculated using the Rural Transportation Formula. These students cannot be included as **eligible passengers/eligible transported ECS children** under the Urban Transportation Formula.

b) INTER-SCHOOL TRANSPORTATION SUPPORT:

Support to an urban **school jurisdiction** for a bus providing inter-school transportation to each group of 66 weighted **eligible passengers**, or portion thereof, is calculated as follows:

Inter-School Support	=	Daily km's (not including deadhead km's) of inter-school transportation for the bus	+	# of days of the inter-school transportation in the school year for the bus	X	Support Rate
----------------------	---	---	---	--	---	--------------

The total annual support for inter-school transportation is the aggregate of the amounts calculated for each bus providing inter-school transportation.

c) **Bus Modification or Purchase Allowance to Accommodate Wheelchair Passengers**
Refer to Section 1.25, Special Transportation

2. Francophone Authorities within an Urban Area:

To recognize the dispersion of students for a Francophone authority within an urban **school jurisdiction** a weighted factor of 3.5 will be used for Francophone **eligible passengers** (Grades 1 – 12) and Francophone **eligible transported ECS children**.

Francophone Urban Transportation Allocation	=	(Francophone eligible passengers Grades 1 to 12	+	Francophone eligible transported ECS children)	X	3.5 (weighted factor)	X	Urban Francophone Transportation Rate
---	---	---	--	---	---	---	---	-----------------------	---	---------------------------------------

ALLOCATION CRITERIA

1. GENERAL:

- a) Funding is provided for an **eligible passenger** or **eligible transported ECS child** that resides in a city, town, village or hamlet with a population of 10,000 or greater (per most recent Municipal Affairs census). For municipalities with a population of less than 10,000 refer to Section 1.22 Rural Transportation.
- b) For parent-provided transportation, **school jurisdictions** must have signed agreements/contracts in place and on file by October 31.
- c) Funding shall not be paid under this section for a **funded student** who is counted under Section 1.25 Special Transportation Funding or a **funded child** who is counted under Section 1.27 ECS Special Transportation.

- d) **Eligible passengers** with severe disabilities who ride on a regular route **school bus** will be claimed under this section using the urban transportation rate and are not eligible for funding under Section 1.25, Special Transportation.

Students with disabilities who cannot, because of the severity of their disability, ride a regular route **school bus** can be claimed under Section 1.25, Special Transportation. (NOTE: all students on designated buses must be claimed under the same section.)

- e) **First Nations students who reside on a reserve** are not eligible for transportation funding.

2. URBAN TRANSPORTATION FUNDING:

- a) Transportation funding shall be based on the eligible **distance** from the student's residence to the nearest school in the attendance area or transportation service area in which the student resides.

If the student is directed by the **board** to attend another **school** for any of the following program considerations and the **school board** at its discretion transports the student to that school, transportation support shall be paid based on the **distance** from the student's residence to the school to which the student was directed. The following is a list of program considerations:

- i. **Alternative French language programs** (including French immersion and bilingual programs) and **other language immersion programs**;
- ii. Special Education Programs to meet the needs of **students with severe disabilities**;
- iii. Special Education Programs to meet the need of students with mild/moderate disabilities and gifted and talented students when **board** criteria have been met;

If a **board** directs a **funded student** to a **school** outside their jurisdiction for any of the program considerations above then an **education service agreement** is required.

- b) If a **resident student** of an urban **school jurisdiction** is enrolled in a **school** of the **parent's** choice outside the attendance area or transportation service area (as defined in the *Student Transportation Regulation*) in which the student resides, eligibility for transportation support is determined by the **distance** to the **school** nearest the student's residence.

- c) where a **board** has adopted over-lapping **school** attendance or transportation service areas, eligibility for funding is determined by the **distance** to the **school** nearest the student's residence.
 - d) if a **board** of an urban **school jurisdiction** transports students residing less than 2.4 km from the **school** within the attendance area or transportation service area (as defined in the *Student Transportation Regulation*) in which the students reside, to a **school** other than the **school** within the attendance area or transportation service area in which the students reside because the enrolment of that **school** is equal to or greater than its rated capacity, then the number of students transported that is equal to or greater than the number of students not resident within the attendance area or transportation service area and enrolled in that **school** shall be deducted from the number of **eligible passengers** claimed for funding under this section.
 - e) an urban **school jurisdiction** may receive funding for a student who is not a **resident student** of the **board** that accesses the **board's** transportation system in accordance with the *Student Transportation Regulation*, Section 4, at a point that is 2.4 kilometers or more from the **school** in which the student could be enrolled.
 - f) if an urban **school jurisdiction** extends its transportation service outside its jurisdiction boundaries to provide service to a non-resident student not covered by a **transportation agreement** or an **educational services agreement** between the **resident board** and the **board** providing transportation, the **board** providing transportation service is not eligible for transportation funding for that student.
 - g) students in a wheelchair who ride a **school bus** will be funded at 8 times the regular rate.

- a) a **school jurisdiction** that claims ECS regular transportation funding must transport or make arrangements for the transportation of **eligible transported ECS children** at a service level that is consistent with the transportation of students under Section 51(1) of the *School Act*.
 - b) a **school jurisdiction** providing transportation to and from an **ECS program** may charge the **parent** of a **funded child** a fee for the transportation service. The total amount of the transportation fee charged to **parents** shall not exceed the total costs of the provision of ECS transportation services less the ECS transportation funding the **school board** receives from Alberta Education.
 - c) a **school jurisdiction** may claim **eligible transported ECS children** it transports to programs operated by another **board**, a **private school**, or a **private ECS operator** as **eligible passengers** if the **board** has a **transportation agreement** with the other **board**, **private school**, or **private ECS operator**.
 - d) **ECS children with disabilities/delays** who require special transportation will be funded at the ECS Special Transportation Rate. Transportation funding for these children must be claimed under Section 1.27 ECS Special Transportation.
4. Inter-School Transportation:
- a) Inter-School Transportation for students whose courses of study require a special **school** facility or equipment not available in the **school** they attend, may be claimed for support provided that:
 - i. the course of study is prescribed by the **Minister**;
 - ii. the course of study requires a special **school** facility or equipment not available at the **school** of daily attendance for those students; and

- b) Off-Campus Education Programs, recreational programs, and intermittent bussing between **schools** or to such activities as swimming programs are not eligible for inter-school transportation support.
5. Students in an **online program** or **outreach program** where they are accessing 50 per cent or more of their educational program at a **school** of the **board** or students in a **blended program**, that are transported by the **board** to a **school**, may be claimed as **eligible passengers** under Urban Transportation.

DOCUMENTATION AND REPORTING REQUIREMENTS

1. Urban **school jurisdictions** are required to submit electronically an Urban funding application to the Business Operations and Stakeholder Support Branch by November 30. Payment is made on the basis of the submitted information, Urban Transportation Allocation Criteria and Funding Rates, and in accordance with the *School Act* and the *Student Transportation Regulation*.

Section 1.24 — Metro Urban Transportation Funding

ALLOCATION FORMULA UNDER REVIEW

1. a) the number of **expected eligible passengers** to be included in the Metro Urban Transportation Funding formula is determined as follows:

(Residential Area x 75.80)	+	$\left(\begin{array}{l} \text{Funded} \\ \text{students and} \\ \text{funded} \\ \text{children} \end{array} \times 0.7300 \right)$	=
LESS,			
0.75(# ECS Elem. Schools)	X	Lesser of: Average ECS-Elem. School enrolment in the jurisdiction or the average school enrolments for the 4 metro urban jurisdictions	=
0.400(# of Jr. High Schools)	X	Lesser of: Average Jr. High School enrolment in the jurisdiction or the average school enrolments for the 4 metro urban jurisdictions	=
0.250(# of Sr. High Schools)	X	Lesser of: Average Sr. High School enrolment in the jurisdiction or the average school enrolments for the 4 metro urban jurisdictions	=
		Expected Eligible Passengers	=

- b) The Metro Urban Transportation Funding a metro urban district may receive is determined as follows:

$$\text{Metro Urban Transportation Funding} = \left(\text{Expected Eligible Passengers} \times \text{Metro Urban Transportation Block Funding} \right) + \left([0.8 \times \text{Severely Disabled Students (Grades 1 - 12)] (per Severe Disability profile) \times \text{Special Transportation Rate} \right)$$

- c) **ECS funded children** will be included in the Metro Urban Transportation Funding formula with the following adjustments to the coefficients/benchmarks:
 - i. the average elementary **school** size will be adjusted to include **ECS funded children**,
 - ii. the walk percentage will be reduced from 0.80 for elementary **schools** to 0.75 for ECS – elementary **schools**, and
 - iii. the eligible enrolment coefficient will be reduced from 0.735 to 0.730.

ALLOCATION CRITERIA

1. Edmonton School District No.7, Edmonton Catholic Separate School District No. 7, Calgary School District No. 19 and Calgary RCSSD No. 1 are eligible for Metro Urban Transportation funding.
2. Funding is determined using a **school** enrolment “benchmark”. The benchmark is the lesser of two values: the jurisdiction’s average **school** enrolment or the average **school** enrolment in the four metro urban jurisdictions. A benchmark is determined for each of the three levels (elementary, junior high and senior high).
3. The number of **expected eligible passengers** is calculated using the following factors:
 - a) the benchmark for each level;
 - b) the number of **schools** by level;
 - c) the number of **funded students** and **ECS funded children**;
 - d) the residential area; and
 - e) the number of **funded students with severe disabilities** based on the jurisdiction profile.
4. The following conditions are to be used in determining the number of **schools** servicing the three **school** levels in the public and separate **school boards** in Edmonton and Calgary:
 - a) **institutions**, outreach **schools**, schools that solely serve home education **students**, and other special **schools** (**schools** where the majority of the **funded students** are special education needs students) as determined by School Finance are excluded;
 - b) an ECS-elementary school with fewer than 75 students is not counted;
 - c) an ECS-elementary school with 75 or more students and 3 or fewer grades will be counted as half an ECS-elementary school;
 - d) a junior high school with fewer than 75 students is not counted;
 - e) a senior high school with fewer than 75 students is not counted; and
 - f) a senior high school with fewer than 200 but with 75 or more students is counted as a junior high school.
5. The formula used to calculate Metro Urban Transportation funding contains the number of **schools** by level, the residential area, and the number of **funded students** attending **schools** within the jurisdiction.
6. Metro urban **school jurisdictions** in Calgary and Edmonton which are transporting **eligible transported ECS children to board-operated programs** will be eligible for transportation funding under the Metro Urban Transportation Funding. The ECS enrolments will be included in the formula.
7. **ECS children with disabilities/delays** who require special transportation will be funded at the ECS Special Transportation rate. Transportation funding for these children must be claimed under Section 1.27 ECS Special Transportation. **ECS children with a severe disability/delay** who qualify for PUF cannot be included in the count of **students with severe disabilities** in the Metro Urban Transportation formula.
8. Funding shall not be paid under this section for a **funded student** who is counted under Section 1.25 Special Transportation or a **funded child** who is counted under Section 1.27 ECS Special Transportation.

9. Metro urban **school jurisdictions** receiving Metro Urban Transportation Funding must transport or make arrangements for the transport of **children** attending **ECS programs** at a service level that is consistent with the transportation of students under Section 51(1) of the *School Act*.
10. When a metro urban **school jurisdiction** accesses the Metro Urban Transportation Funding and has under its jurisdiction an area included in another municipality, the metro urban **school jurisdiction** may be reimbursed for each **eligible passenger** transported to **school** using the rural transportation formula, or, if the municipality is a city outside of Calgary or Edmonton, for each **eligible passenger** using the Urban Transportation formula. A metro urban **school jurisdiction** that is currently submitting a claim under this section and is seeking to claim either Section 1.22, Rural Transportation funding or Section 1.23, Urban Transportation funding must have approval from the **Minister**. Requests for approval should be submitted to the Business Operations and Stakeholder Support Branch.
11. A metro urban **school jurisdiction**, which has made an arrangement with a **charter school** to transport the **charter school's** students, may include the **funded students** attending the **charter school** for the purposes of calculating the number of **expected eligible passengers**. The **charter school** is not counted by the **school jurisdiction** in determining the number of **schools**.
12. A metro urban **school jurisdiction** providing transportation to and from an **ECS program** may charge the **parent** of a **funded child** a fee for the transportation service. The total amount of the transportation fee charged to **parents** shall not exceed the total cost of the provision of ECS transportation services less the ECS transportation funding the metro urban **school jurisdiction** receives from Alberta Education.
13. **Metro urban school jurisdictions** may also qualify for Relative Cost of Purchasing Adjustment (RCPA) Funding for transportation services. Please see details in Section 1.12.

DOCUMENTATION AND REPORTING REQUIREMENTS

1. Metro urban **school jurisdictions** are required to retain the following information on file for a minimum of seven years and make it available for review by Alberta Education upon request.

SECTION 1.28 — Fuel Price Contingency

ALLOCATION FORMULA

The formula varies depending on the type of **school jurisdiction** (i.e. rural, urban, or metro).

ALLOCATION CRITERIA

1. Fuel Price Contingency funding is allocated to rural, urban, and metro **school jurisdictions** as well as **charter schools**.
2. For rural and urban **school jurisdictions** and **charter schools**, the formula is calculated based on the variables of bus **route distances**, fuel consumption rates (3.09km/L for rural routes and 2.5km/L for urban routes) and the average monthly provincial price of diesel fuel that exceeds the rate of 60 cents per litre. Payment is based on a 190 day school year.
3. For metro urban **school jurisdictions**, the formula is based on estimated kilometres traveled. Urban **school boards** that utilize public transit receive a funding adjustment based on local transit pass cost increases.
4. For information on your **school jurisdiction's** funding allocation, please contact the Business Operations and Stakeholder Support branch for details.

Section 3.9 — Relative Cost of Purchasing Adjustment (Level 2 only*)

REVISED ALLOCATION FORMULA

$$\text{RCPA} = \left(\frac{a + b}{2} \right) \times c$$

Where

a = 20% x **private school** funding (see exclusions in Allocation Criteria #1)

b = 75% x **private school** planted operations and Maintenance funding

c = RCPA Private Schools Index Factor - see Table (min. value 1.0)

ALLOCATION CRITERIA

1. The following grants are excluded from the calculation of RCPA funding for level 2 **accredited funded private schools**: AISI, SuperNet, and Plant Operations and Maintenance Funding.

The above model was implemented in the 2004-2005 Service Plan year and also includes an adjustment for **First Nations students who reside on a reserve** and who attend an Alberta school off reserve (code 330). The partners in the Student Health Partnership will continue to decide how the pooled funding will be shared and utilized based on identified student health needs and priorities.

ALLOCATION CRITERIA

1. Students/children with special health needs includes those with physical disabilities, development disabilities, neurological disorders, sensory impairments, medical conditions, and/or emotional/behavioural disabilities who are registered in **school** programs from **Early Childhood Services (ECS)** through Grade 12. Services eligible for funding include speech-language therapy, physical therapy, occupational therapy, audiology, respiratory therapy, clinical nursing, and emotional/behavioural supports.
2. Student Health Funding is administered by Alberta Education in partnership with Alberta Health and Wellness, and Alberta Children and Youth Services.
3. Student Health Funding must be pooled and shared by the Student Health Partnership to provide students/children with identified special health needs with access to enhanced student health services. Students/children throughout the region must have equitable access to services regardless of their **school** program.

4. The Student Health Funding allocation may only be accessed if, and when, the **school authority** joins a Student Health Partnership, and a Service Plan is submitted that is signed by the Chair of the Partnership on behalf of all the required partners.
5. Decisions on how the Student Health Funding is to be utilized must be made jointly by the partners in the Student Health Partnership.

7. Every **school year**, Student Health Partnerships must:
 - a) submit a Service Plan for approval,
 - b) identify in the Service Plan, a **school board** as a “designated banker” through which they will receive and distribute their funding, and
 - c) submit an Annual Report for the previous **school year** by November 30, that includes a financial statement. The budgeted expenditures shall not exceed the total revenues projected, including any surplus funds from previous years. Alberta Education will not fund any deficits.
8. **Funded students**, who are registered with **school authorities** in alternative programs such as **home education/blended, outreach and online** are counted in the Student Health Funding and eligible for services.
9. Funding for administration costs is included in the allocation.

ALLOCATION CRITERIA

1. This funding and the services provided are for students identified in 5.1 (1) and registered in francophone school programs.
2. Student Health Funding is accessed by the Réseau provincial d’adaptation scolaire
3. Alberta Education administers Student Health Funding.
4. Through the *Réseau*, Student Health Funding must be pooled and shared provincially by the **Francophone Regional Authorities**.
5. The Student Health Funding allocation may only be accessed by a **Francophone Regional Authority** that is a member of the *Réseau*, once a Service Plan has been signed by all member **school board** Chairs, including the Chair of the *Réseau*’s “designated banker” **school board**; and submitted and approved.

Section 5.3 — Alberta Initiative for School Improvement (AISI) Funding (School Authorities)

ALLOCATION CRITERIA

NEW

1. Funding is provided for projects that have been approved by the School Improvement Branch.
2. This funding has been reduced by 50% for 2011/2012 and forward.
3. Alberta Education will approve multi-year projects up to a maximum of three years. However, each project's budget must be approved on an annual basis.

5. Heritage Language Schools are not eligible for funding under this section.
6. The following conditions must be met for project approval:
 - a) the project plan must provide for sufficient professional development and administrative support;

Section 5.4 — SuperNet Service Funding (School Authorities)

ALLOCATION CRITERIA

1. **School authorities** will receive SuperNet Service funding for each approved site that is connected to and using the SuperNet services as the primary data network obtained through the SuperNet vendor, Axia SuperNet Ltd.

Examples of approved sites include **schools**, stand alone Outreach centres/schools, one **school authority** head office, and one network operation centre.

2. **School authorities** must sign a Letter of Agreement with Axia SuperNet Ltd. for all SuperNet connected sites.
3. **School authorities** must apply for SuperNet Service Funding by submitting a SuperNet Service Funding Application (Form 11AE5.4) to Alberta Education's School Technology Sector (STS) along with a copy of each Letter of Agreement, Schedule B and Attachment to Schedule B soon after the sites are connected to SuperNet services.
4. **School authorities** must provide notification to STS of any possible changes, including additions and/or deletions to the list of connected sites. Notification timelines are as follows:
 - a) one year for additions and moves
 - b) within one month of site closure for a site disconnection

If a school authority fails to notify the STS of a disconnection, the **school authority** will be responsible for the SuperNet costs incurred for the disconnected SuperNet site.

5. SuperNet Service Funding is provided on the basis of approved connected sites and the monthly service cost. The funding amount is determined by multiplying the number of eligible connected sites by the monthly SuperNet rate.
6. SuperNet Service funding is paid retroactively to the service activation date if the funding application is received by March 31 of the current **school year**. Funding applications received after March 31 are not eligible for retroactive funding.
7. SuperNet Service funding is calculated on a monthly basis and provided for each approved site as follows:
 - a) **school jurisdictions** and **Francophone Regional Authorities** \$700.00 (100 per cent)
 - b) level 1 **accredited funded private schools** \$420.00 (60 per cent);
 - c) level 2 **accredited funded private-schools** \$490.00 (70 per cent)
 - d) **Private ECS Operators** \$350.00 (50 per cent) (payment for connection after the 1st of the month will be pro-rated).

Note: SuperNet Service for First Nations schools are funded by Indian and Northern Affairs Canada.

8. NETWORK HEAD-END PROVISION

Alberta Education will provide SuperNet Service Funding to a **school authority** network head-end location based on the following formula:

Head End SuperNet Service Funding Ratio = authority student population/average number of students per public authority (based on provincial student population counts at the end of each school year).

If the ratio is less than 1.4 then the authority will receive \$700.00/ month. Authorities with a calculated Head-End Super Net Funding Ratio of 1.5 or greater will receive the ratio rounded to the next whole number multiplied by \$700.00/month.

UPDATED
Nov. 24/11

9. MULTIPLE STAKEHOLDER SHARED FACILITY AGREEMENTS

When different education stakeholders are sharing the same facility and each has their own local-area network infrastructure, they are eligible to have one stakeholder (transferring stakeholder) transfer their SuperNet Service Funding Allocation to the other stakeholder (receiving stakeholder). This can allow one stakeholder to obtain additional services from SuperNet and provide them to both stakeholders. The procedures and considerations for this are as follows:

- a) the transferring stakeholder must have their own local area network in the shared site or they are not eligible to receive SuperNet Service Funding;
- b) the transferring stakeholder will sign a transfer document provided by the STS that is valid for one year. They must continue to provide a new, signed document for each subsequent year; and
- c) the total amount of monthly SuperNet Service Funds paid to the receiving stakeholder must not exceed the total monthly contracted value of SuperNet services provided to that stakeholder by Axia SuperNet Ltd.

10. EXISTING HIGH-SPEED NETWORKING INFRASTRUCTURE PROVISION

Some **school authorities** that own and operate their own fibre-optic high-speed network connections between eligible SuperNet connectable sites can claim SuperNet Service funding for these sites without an Axia SuperNet Ltd. contract for those sites given the following procedures and considerations:

- a) at least one site on the **school authority** owned network infrastructure must connect to SuperNet using an Axia SuperNet Ltd. contracted service;
- b) the total amount of monthly SuperNet Service funds paid to the **school authority** must not exceed their number of eligible SuperNet sites multiplied by the eligible dollar amount per site; nor can the total amount of monthly SuperNet Service Funding paid to the **school authority** exceed the total monthly contracted value of SuperNet services to them by Axia SuperNet Ltd., and
- c) the **school authority** owned infrastructure used to connect the sites together must be single mode fibre equal to or better than that used by the SuperNet build (contact STB for details). Proof of the fibre used must be provided to the STS (installation invoice, purchase invoice, or third-party engineering validation).

Section 5.5 – Class Size Funding (School Jurisdictions)

REVISED

- Class Size funding is a component of Base Instruction Funding for ECS, grades 1 to 3 and Tiers 2 and 3 of CEU funding. (see Section 8.1 School Jurisdiction funding rates). Note: although Class Size funding is allocated based on a specific grade level or for specific CTS courses, **school jurisdictions** will have the flexibility use this funding to hire or retain teachers at any grade level based on local needs.
- **School jurisdictions** will continue to use the online reporting tool to consolidate their class size data and will only be required to report their class size averages through their Annual Education Results Report (AERR).
- **Accredited Funded Private schools** are not eligible for Class Size Funding. Therefore, any CEU funding to private schools will be provided at the Tier 1 CEU rate for private schools

8. Funding for Children and Youth with Complex Needs is comprised of two components:
 - a) Operational Funding (Under Review)
Each Regional Integrated Case Management Team receives funding for implementation of the team including a regional support coordinator.
 - b) Service Delivery Funding (Under Review)
Service delivery funding is provided to each of the Regional Integrated Case Management Teams based on the region's percentage of the total provincial service delivery funding as follows:
 - i. percentage of the total provincial population of children and youth age 0 to 19. Data is provided by Health and Wellness.
 - ii. percentage of the total provincial number of Early Childhood Services to Grade 12 **students with severe disabilities** enrolled in school programs. Data is provided by Alberta Education.
 - iii. percentage of the total provincial number of children and youth receiving services under Family Supports for Children with Disabilities. Data is provided by Children and Youth Services.

Payment Schedules

Section 8.4 — School Jurisdictions

PART 1 – School Jurisdiction Funding

Sections 1.1 to 1.28, 5.3, 6.1, 6.2, and 6.6

School jurisdictions receive their funding allocation from the Alberta School Foundation Fund, the General Revenue Fund, and in the case of opted out separate **school jurisdictions**, the supplementary **school** tax requisition.

Alberta School Foundation Fund (ASFF)

ASFF payments will be made to **school jurisdictions** in monthly installments.

Opted-out **boards** will receive a monthly advance on their ASFF payment from Alberta Education and on their local education property tax requisition entitlement. These **school boards** are required to re-pay the advance on their local education property tax requisition by the last banking day in the months of March, June, September and December. Interest will be applied to over-due accounts at the same rate charged to municipalities. Opted-out **boards** will continue to collect education property tax requisition revenue from their municipalities each quarter.

Payments

Funding will be distributed on a monthly basis at 8.33 per cent per month; with the exception of January and August, which will be at 8.35 per cent and the month of March. An initial payment of 5 per cent will be processed in early March and an additional payment will be made by March 31. If this additional payment does not equal 3.33 per cent, then the difference will be either deducted/added prior to the end of the current **school year**, based on the prior approval of the Assistant Deputy Minister, Strategic Services.

- Adjustments to payments based on estimates will be made when Alberta Education receives actual enrolment data.
- In all cases, when funding is adjusted during the school year, the payment system will determine the amount owing to date, the advances previously paid, and the balance owing to adjust the allocation to the correct amount.

Enrolment counts are used to determine funding allocations for **school jurisdictions**, **accredited funded private schools** and **private ECS operators** and are based on information submitted to PASI and Student Records Branch.

CONDITIONS

- All ECS children and all students in Grades 1 to 12 who are enrolled and attending a **school** on the **September count date** of the **school year** will be counted at the **school** they are attending on that date. Enrolment records must be kept on file in the **school authority** or **school** that will substantiate the **September count date** ECS child/student enrolment data submitted to PASI and Student Records Branch. Students and ECS children enrolled after the **September count date** will not be counted for funding purposes.
- A **school authority** may count a student who was not physically in attendance on the **September count date** if the student was enrolled and in attendance either in the month of September of the current school year or in the last week of June of the previous school year, and
 - who returned to **school** within 15 calendar days of the **September count date**, or
 - who was referred to the attendance board (with a letter on file)
 - unless #7 in this section applies.
- A **school authority** may count a student who was physically in attendance at an **Institution** on the **September count date** if the student was enrolled and in attendance with the **school authority** prior to the **September count date** and returned to the **school** within 30 calendar days after the **September count date**. In the event that a priority school conflict occurs, and if the requirements of this condition are met, the decision will be made in favor of the **school authority**.
- A **funded child/student** who was not physically in attendance in any **school authority** on the **September count date** but was in attendance in a **school authority** prior to the **September count date**, and then changed to a different **school authority**, may be claimed by the receiving **school authority** if the **funded child/student** was enrolled and in attendance within five calendar days of the **September count date**.

NEW

5. **Funded children/students** who are receiving their education in a **home education program** provided by their **parents** will be counted by the supervising **associate board** or **associate accredited funded private school** where the student is enrolled on the **September count date**.
6. **School jurisdictions** or **funded private schools** offering year round education to **funded students** in Grades 1 to 9 will use **September count dates** determined by School Finance on an individual basis to ensure fair and equitable funding for the students they are educating.
7. A priority **school** conflict (PSC) occurs when more than one **school** claims the **funded child/student** on the **September count date**. In the situation that more than one **school** is claiming the same **funded child/student** for funding purposes, the priority **school** is the **school** in which a **funded child/student** is deemed to have been enrolled and in attendance on the **September count date**.
8. Priority **school** conflicts must be resolved before a **school authority** is entitled to receive funding for a **funded child/student**. When priority **school** conflicts occur, **school authorities** should make every effort to resolve them as they have first-hand knowledge of the instruction the student is receiving and are in the best position to determine a fair and equitable solution.
9. If **school authorities** cannot resolve a priority **school** conflict, they should forward supporting documentation as follows to the School Finance Branch by May 15 for resolution. If School Finance must resolve the conflict, only Base Instruction Funding will be provided.

For Grades ECS to 9

- a) Attendance Sheets for the months of September and October are required, along with any documentation indicating (if applicable) the date of the **funded child's/student's** last day of attending **school** and registration forms for new children/students.
- b) In the event of a PSC involving a PUF child, the decision will be in favor of the **school authority** that submitted the PUF application - only if they are providing the child's ECS instruction. If the PSC involves one ECS operator who is providing the PUF child's ECS instruction and another **ECS operator** who is providing the child's PUF services, the decision will be in favor of the **ECS operator** that is providing the ECS instruction.
- c) If more than one **school authority** substantiates enrolment and attendance on the **September count date**, the PSC will be resolved in favor of the authority that provided the most programming
- d) If a child is enrolled in two ECS programs at two different school authorities (i.e. one in the morning and the other in the afternoon) and attendance on the **September count date** can be substantiated, funding will be allocated at 50 per cent to each **ECS operator**.

REVISED

REVISED

For Grades 10 to 12:

- a) Instructional minutes for the first **term** (September to January) are required. These minutes shall be based on the actual attendance of the **funded student** in all the courses that they were registered in the **school** during the first term. Note: Do not factor in second **term** class time.
- b) In resolving priority school conflicts, School Finance will determine the priority **school** as follows:
 - i. The **school** where the **funded student** was enrolled, and in attendance, on the **September count date**;
 - ii. If the **funded student** was enrolled, and in attendance, in two or more **school authorities** on the **September count date**:
 - The **school** delivering the majority of instructional minutes in the first **term** of the current **school year** would be deemed the priority **school**; or
 - In situations where instructional minutes are the same for two **school authorities**, funding will be distributed at 50 per cent of the Base Instruction rate applicable to each **school authority**.

These minutes should be based on the actual attendance of the **funded student** in all the courses that they were registered in the school during the first term. Do not default to total class time offered.

10. Course Conflicts (Grades 10 –12)

A course conflict occurs when a regular senior high student has a **school** awarded mark reported by two **schools** in the same course, in the same semester and in the same **school year**. The **school** that delivered the most instructional minutes will be deemed the priority **school**. School Finance will identify these students in a turn-around report for **school authorities**.

To resolve these conflicts, the Course Conflict form must be completed and submitted to School Finance Branch by using the Funding Event System (FES) or by paper submissions. On this form, the **school** must indicate the number of actual instructional minutes delivered to the student. These minutes should be based on the total class time offered minus any class time absent. Do not default to total class time offered.

Section 9.4 —Ceasing of Operations by a Private ECS Operator

POLICY

When funding has been provided by Alberta Education to a **private ECS operator**, and they cease operations, any surplus funds shall be returned to the Minister of Finance or transferred to another approved **ECS operator**.

CONDITIONS

1. The decision to cease operations must have been reached at a general meeting of the society governing the **private ECS operator** called within the provision of the society's or company's bylaws or articles of association.
2. If a **private ECS operator** decides to cease operations, the operator may determine if another **ECS operator** is willing to take over the program. The other **ECS operator** must agree to take over the program and to accept the transfer of assets and liabilities, including supplies, capital assets, and operating surpluses.
3. If a **private ECS operator** does not transfer its assets to another **ECS operator**, Alberta Education will calculate the amount of surplus (if any) from operations to be returned to the Minister of Finance.

PROCEDURES

1. When the **private ECS operator** has made a decision to cease operations, a letter must be sent to the School Accreditation and Disputes Resolution Branch notifying them of their decision. The letter must also include a copy of the board motion to cease operations made at a duly called meeting of the society or company.
2. When the **private ECS operator** has agreed to allow another **ECS operator** to take over the program, both parties must sign an agreement for the transfer of the **private ECS operator's** assets and liabilities to the other **ECS operator**. The agreement should also include an inventory schedule of all assets/liabilities to be transferred and signed by officials of the **ECS operator** accepting the transfer. The **private ECS operator** must submit the agreement to the School Accreditation and Disputes Resolution Branch, Alberta Education within 90 days of the signing of the agreement but not later than November 30 following the school year that operations ceased.
3. The **private ECS operator** must prepare an Audited Financial Statement (AFS) for the final year of operation or portion thereof and submit it to the Financial Reporting and Accountability Branch, Alberta Education by November 30 following the **school year** that operations ceased.
4. If a **private ECS operator** ceases operations during the **school year**, unexpended fees paid by **parents** for the year, should be returned to the **parents**.
5. When the **private ECS operator** ceases operation but does not transfer the assets and liabilities to another **ECS operator**, the final AFS will be reviewed and the accumulated surplus, if any, will be pro-rated by Alberta Education. The portion of the surplus to be returned to Alberta Education will be calculated on the ratio of Alberta Education's contribution to the total revenue of the **ECS program** over the final three years of operation. The amount payable to Alberta Education will be communicated by letter from the Director of the School Finance Branch.
6. The **private ECS operator** must also ensure that they notify Service Alberta, Corporate Registry of the dissolution of the society/company.
7. An **private ECS operator**, who ceases operations and does not enter into an agreement with another **ECS operator**, should sell their assets or make arrangements with Alberta Education to transfer the capital assets and supplies to another **ECS operator** or program provider in their area.

Section 9.6 — Withdrawal of Teacher Services or Lockout

POLICY

Alberta Education recognizes the obligation of a **school board** and its teachers to negotiate contractual arrangements that are acceptable to both parties. In the event that negotiations break down and a strike by teachers or a lockout by a **board** occurs, Alberta Education will adjust funding, while keeping the educational needs of the students a priority. In the event of a strike by teachers or a lockout by a **school board** where educational services are not provided, the funding payable to a **board** shall be reduced. This adjustment of funds prevents a financial benefit from accruing to a **board**.

CONDITIONS

1. The **Minister** may reduce funding provided under the Alberta School Foundation Fund and/or the General Revenue Fund for the period for which cessation of teaching services occurred.
2. Funding will be reduced by 1/200th of the total annual certificated teacher salary and benefit amounts, based on the previous **school year** AFS, excluding central office exempt staff, for each **operating day** teachers are on strike or lockout.
3. The number of **operating days** used in the funding adjustment will reflect any instructional days, teacher preparation days and in-service/convention days that occurred during the strike or lockout.
4. **Boards** are required to ensure that students in Grades 2 to 9 have access to 950 hours of instruction per year and that students in Grades 10 to 12 have access to 1,000 hours of instruction per year. The access to instruction hours can be met in various ways.
5. Depending on the length of the strike or lockout, **boards** may choose to provide make-up instruction days lost, to meet the access to instruction hours required. **Boards** will be funded based on the same 1/200th calculation identified in Condition #2 above, for each day made up.
6. All other funding to **school jurisdictions** will continue in order to provide **boards** with the necessary flexibility to make local operating decisions.
7. There should be sufficient funds and flexibility within a **board's** current funding allocation to cover any costs of providing **distance** education materials to students during the cessation. No additional funding will be provided for these costs.
8. A **board** may make an application to the Director of the School Finance Branch for additional expenses incurred as a result of the labour disruption, other than for **distance** education materials, which were required to ensure the instructional hours are not compromised.
9. A **board** shall notify Alberta Education, immediately following the end of a strike or lockout, of the period and number of days of the cessation of services.
10. In the event that a strike by teachers or a lockout by a **board** occurs on the **September count date**, an alternate **count date** will be determined by the Director of School Finance.
11. Alberta Education will provide the **board** with a detailed calculation of the funding reduction.
12. After the strike or lockout, the funding reduction amount will be recovered from the next applicable payment(s) to the **board**.
13. In the event of a dispute over the amount of funding reduction and/or the amount claimed in additional expenses or make up days, a **board** may submit its concern(s) in writing to the **Minister**.
