PEACE WAPITI SCHOOL DIVISION NO. 76
NOTES TO THE AUDITED FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2010

1. **AUTHORITY AND PURPOSE**

The School Division delivers education programs under the authority of the *School Act*, Revised Statutes of Alberta 2000, Chapter S-3.

The School Division receives instruction and support allocations under Regulation 77/2003. The regulation allows for the setting of conditions and use of grant monies. The School Division is limited on certain funding allocations and administration expenses.

2. **SIGNIFICANT ACCOUNTING POLICIES**

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles (GAAP). The precise determination of many assets and liabilities is dependent on future events. As a result, the preparation of financial statements for a period involves the use of estimates and approximations, which have been made using careful judgment. Actual results could differ from those estimates and approximations. The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

Inventories

Inventory consists of transportation and maintenance parts and supplies, diesel and other supplies and is valued at the lower of cost and net realizable value with the cost being determined on a first-in, first-out basis.

Capital assets

Capital assets are recorded at cost and are amortized over their estimated useful lives on a straight-line basis at the following rates:

Buildings	2.5% to 4%
Vehicles and buses	9% to 12.5%
Equipment and furnishings	20%

Capital assets with costs in excess of \$5,000 are capitalized. Capital allocations received for asset additions are amortized into revenue over the same period as the amortization expense. No amortization is recorded in the year of acquisition.

When capital assets are sold or scrapped, the cost of the asset and the related accumulated amortization are removed from the accounts and any resulting gain or loss on disposal is reflected in income.

Investments

Short-term investments are valued at the lower of cost or market. Long-term investments are valued at cost or, where there has been other than a temporary impairment in the value of the investment, at market value.

PEACE WAPITI SCHOOL DIVISION NO. 76
NOTES TO THE AUDITED FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2010

2. **SIGNIFICANT ACCOUNTING POLICIES – continued**

Revenue recognition

Revenue is recognized as follows:

Instruction and support allocations are recognized in the year to which they relate.

Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered.

Unrestricted contributions are recognized as revenue when received or receivable. Contributions in-kind are recorded at fair market value when reasonably determinable.

Externally restricted contributions are deferred and recognized as revenue in the period in which the restriction is complied with. Endowment contributions are recognized as direct increases in net assets in the period in which they are received or receivable.

School generated funds

These are funds which come under the control and responsibility of a school principal for school activities. They are usually collected, retained and expended at the school level (e.g. yearbook sales, graduation fees, field trip fees, etc.).

Vacation pay

Vacation pay is accrued in the period in which the employee earns the benefit.

Contributed services

Volunteers contribute a considerable number of hours per year to schools to ensure that certain programs are delivered, such as kindergarten, lunch services and the raising of school generated funds. Because of the difficulty of compiling these hours and the fact that these services are not otherwise purchased, contributed services are not recognized in the financial statements.

Pensions

Pension costs included in these statements comprise the cost of employer contributions for current service of employees during the year.

The current and past service costs of the Alberta Teacher Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers Pension Plan Act, the Peace Wapiti School Division No. 76 does not make pension contributions for certificated staff.

**PEACE WAPITI SCHOOL DIVISION NO. 76
NOTES TO THE AUDITED FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2010**

2. SIGNIFICANT ACCOUNTING POLICIES – continued

The School Division participates in a multi-employer pension plan, the Local Authorities Pension Plan, and does not report on any unfunded liabilities. The expense for this pension plan is equivalent to the annual contributions of \$455,695 (2009 – \$396,350) for the year ended August 31, 2010. At December 31, 2009, the Local Authorities Pension Plan reported an actuarial deficiency of \$3,998,614,000 (2008 deficiency of \$4,413,971,000). In 2010, the Province recorded a liability of \$314,000,000 (2009 - \$186,000,000) for its portion of the unfunded pension obligation related to organizations controlled by the Province.

Operating and capital reserves

Reserves are established at the discretion of the Board of Trustees of the School Division, to set aside funds for operating and capital purposes. Such reserves are appropriations of unrestricted net assets.

Employee future benefits

The School Division accrues its obligations under employee future benefit plans and expenses the related costs. As at August 31, 2010, the recorded obligation is \$613,955 (2009 – \$601,903). The total expense recorded in the financial statements is \$46,388 (2009 - \$162,492).

Financial instruments

These consist of cash and temporary investments, accounts receivable, accounts payable and accrued liabilities and long-term debt. It is management’s opinion that the School Division is not exposed to significant interest, currency or credit risks arising from these financial instruments. Unless otherwise noted, the fair values of these financial instruments approximate their carrying values. The School Division has invested surplus funds in accordance with Section 60 (2) (d) of the *School Act*.

Prepaid expenses

Certain expenditures incurred before the close of the school year are for school supplies which will be consumed subsequent to the year-end, and accordingly recorded as prepaid expenses. Certain insurance expenses also fall into this category.

3. CASH AND TEMPORARY INVESTMENTS

11. DEFERRED CAPITAL ALLOCATIONS

Deferred capital allocations represent externally restricted supported capital funds provided for a specific capital purpose received or receivable by the School Division, but the related expenditure had not been made at year-end. When expended, these deferred capital allocations are transferred to unamortized capital allocations.

12. UNAMORTIZED CAPITAL ALLOCATIONS

Unamortized capital allocations represent externally restricted supported capital funds that have been expended, but have yet to be amortized over the useful life of the related capital asset. The unamortized capital allocations account balance is increased by transfers of deferred capital allocations expended, as well as fully-supported debenture principal repayments.

13. ASSET RETIREMENT OBLIGATIONS

Asset retirement obligations represent legal obligations associated with the retirement of a tangible long-lived asset that result from its acquisition, construction, development or normal operation. The School Division has a legal obligation to remove hazardous material located under the site of the central office building upon its disposal. A liability, however, has not been recognized because the fair value cannot be reasonably estimated.

14. COMMITMENTS

(a) Personnel contracts

The School Division has entered into personnel contracts with its executive management team. In the event that these contracts are cancelled or not renewed by the School Division, there could be a liability incurred as per the termination clauses in the executive contracts.

(b) Building contracts

The School Division is not committed to further capital expenditures for various capital projects (2009 - \$585,000).

15. CONTINGENCIES

Contingent asset

The School Division is a member of a reciprocal insurance exchange called the Alberta School Board Insurance Exchange (ASBIE). A portion of the premiums paid each year represents equity contributions to the insurance fund. These payments have been recorded as expenses in the financial statements, as the value of equity is subject to liability claims.

Contingent liability

Under the terms of membership of ASBIE, the School Division could become liable for its proportionate share of any claim losses in excess of the funds held by the exchange. Any liability incurred would be accounted for as a current transaction in the year the losses are determined.

School Generated Funds (SGF) are funds raised in the community for student activities that come under the control and responsibility of school management. These funds are usually collected and retained at the school for expenditures paid at the school level. SGF does not include any other funds collected at the school but remitted to central office and accounted for by central office (facility rentals, capital assets purchases, etc.)

Notes:

- 1 Excludes fees collected pursuant to Section 60(2)(j) of the School Act (fees related to instructional supplies or materials - essentially textbooks, resource materials in lieu of textbooks, media, software, and materials for classrooms). Fees charged for CEU-related activities are recorded as instruction resource fees, not SGF.
- 2 The sum of "total related expenses" and "total uses of net SGF" is reported as "gross school generated funds" in the Statement of Revenues & Expenses.
- 3 Unexpended SGF is reported as SGF assets and SGF liabilities in the Statement of Financial Position.
