AUDITORS' REPORT

To the Board of Trustees of the
Prairie Land Regional Division #25

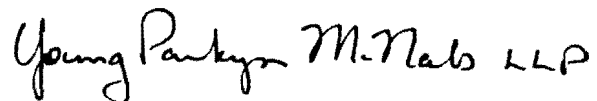

We have audited the statement of financial position of the Prairie Land Regional Division #25 as at August 31, 2010 and the statements of revenues and expenses, cash flows, changes in net assets and capital allocations for the year then ended. These financial statements are the responsibility of the school jurisdiction's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the school jurisdiction as at August 31, 2010 and the results of its operations, changes in cash flows, net assets and capital allocations for the year then ended in accordance with Canadian generally accepted accounting principles.

1. AUTHORITY AND PURPOSE

The School Jurisdiction delivers education programs under the authority of the *School Act*, Revised Statutes of Alberta 2000, Chapter S-3.

The jurisdiction receives instruction and support allocations under Regulation 77/2003. The regulation allows for the setting of conditions and use of grant monies. The School Jurisdiction is limited on certain funding allocations and administration expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles (GAAP). The precise determination of many assets and liabilities is dependent on future events. As a result, the preparation of financial statements for a period involves the use of estimates and approximations, which have been made using careful judgment. Actual results could differ from those estimates and approximations. The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

a) Revenue Recognition

Revenue is recognized as follows:

Instruction and support allocations are recognized in the year to which they relate.

Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered.

Unrestricted contributions are recognized as revenue when received or receivable. Contributions in-kind are recorded at fair market value when reasonably determinable.

Externally restricted contributions are deferred and recognized as revenue in the period in which the restriction is complied with. Endowment contributions are recognized as direct increases in net assets in the period in which they are received or receivable.

b) Capital Assets

Capital Assets are recorded at cost, and are amortized over their estimated useful lives on a straight-line basis, at the following rates:

Buildings	2.5% to 4%
Vehicles and Buses	10% to 20%
Other Equipment and Furnishings	10% to 20%

Capital assets with costs in excess of \$5,000 are capitalized. Capital allocations received for asset additions are amortized into revenue over the same period as the amortization expense.

c) School Generated Funds

These are funds which come under the control and responsibility of a school principal for school activities. They are usually collected, retained, and expended at the school level (e.g. yearbook sales, graduation fees, field trip fees, etc.)

d) Vacation Pay

Vacation pay is accrued in the period in which the employee earns the benefit.

e) Pensions

Pension costs included in these statements comprise the cost of employer contributions for current service of employees during the year.

The current and past service costs of the Alberta Teacher Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers Pension Plan Act, the Prairie Land Regional Division # 25 does not make pension contributions for certificated staff.

The school board participates in a multi-employer pension plan, the Local Authorities Pension Plan, and does not report on any unfunded liabilities. The expense for this pension plan is equivalent to the annual contributions of \$268,300 for the year ended August 31, 2010. At December 31, 2009, the Local Authorities Pension Plan reported a deficiency of \$3,998,614,000 (2008, a deficiency of \$4,413,971,000). In 2010, the Province recorded a liability of \$314,000,000 (2009 - \$186,000,000) for its portion of the unfunded pension obligation related to organizations controlled by the Province.

f) Inventories

Inventories are recorded at the lower of cost or net realizable value.

g) Prepaid Expenses

Certain expenditures incurred before the close of the school year are for school supplies which will be consumed subsequent to the year-end, and are accordingly recorded as prepaid expenses. Certain insurance expenses also fall into this category.

h) Contributed Services

Volunteers contribute a considerable number of hours per year to schools to ensure that certain programs are delivered, such as kindergarten, lunch services and the raising of school generated funds. Because of the difficulty of compiling these hours and the fact that these services are not otherwise purchased, contributed services are not recognized in the financial statements.

i) Financial Instruments

These consist of cash, accounts receivable, accounts payable, accrued liabilities, and long-term debt. It is management's opinion that the jurisdiction is not exposed to significant interest, currency or credit risks arising from these financial instruments. Unless otherwise noted, the fair values of these financial instruments approximate their carrying values. The jurisdiction has invested surplus funds in accordance with Section 60 (2) (d) of the *School Act*.

j) Operating and Capital Reserves

Reserves are established at the discretion of the Board of Trustees of the jurisdiction, to set aside funds for operating and capital purposes. Such reserves are appropriations of unrestricted net assets.

k) Investments

Held for trading investments are recognized in the balance sheet at fair value. The fair values of the recognized investments are determined based on the available market information. Realized investment income and unrealized gains and losses are reported in the Statement of Revenues and Expenses.

11. DEFERRED CAPITAL ALLOCATIONS

Deferred capital allocations represent externally-restricted supported capital funds provided for a specific capital purpose received or receivable by the jurisdiction, but the related expenditure had not been made at year-end. When expended, these deferred capital allocations are transferred to unamortized capital allocations.

12. LONG TERM DEBT

Debenture Debt – Supported

The debenture debt bears interest at rates varying between 7.5 % and 10.875 %. The debenture debt is fully supported by Alberta Finance. Debenture payments due over the next five years and beyond are:

	Principal	Interest	Total
2010-2011	207,143	71,131	278,274
2011-2012	195,543	52,902	248,445

Total	\$ 806,221	\$ 186,466	\$ 992,687

13. OTHER LONG TERM LIABILITIES

The jurisdiction has approved the participation of certain employees in the Supplemental Executive Retirement Pension Plan (SERP), a non-registered retirement plan introduced to provide for the portion of accrued pension based on the SERP formula that is in excess of the Income Tax Act maximums. This program is not a registered pension plan and is not subject to pension regulation. The other long term liabilities are comprised of \$32,800 (2009 - \$22,100) of accrued benefit liability. The fair value of the accrued liability is \$62,400 (2009 - \$40,500).

14. UNAMORTIZED CAPITAL ALLOCATIONS

Unamortized capital allocations represent externally-restricted supported capital funds that have been expended, but have yet to be amortized over the useful life of the related capital asset. The unamortized capital allocations account balance is increased by transfers of deferred capital allocations expended, as well as fully-supported debenture principal repayments.

15. CONTINGENCIES

- a) The jurisdiction is a member of a reciprocal insurance exchange called ALAIRE. A portion of the premiums paid each year represents equity contributions to the insurance fund. These payments have been recorded as expenses in the financial statements, as the value of equity is subject to liability claims.
- b) Employees of the Division are allowed to accrue sick time. This sick time was not recorded in the financial statements as there is no certainty the full amount will be used. The amount of accumulated sick leave is not paid out to employees of the jurisdiction when they leave their position. Accrued sick time is as follows:

Description	Number of employees	Total hours banked
Teachers	113	64,262
Support Staff	94	36,212
Bus Drivers	40	6,046

16. RELATED PARTY TRANSACTIONS

Effective 2005/2006, school jurisdictions are controlled by the Government of Alberta according to criteria set out in PSAB 1300. All entities consolidated or accounted for on a modified equity basis in the accounts of the Government of Alberta are now related parties of school jurisdictions. These include government departments, health authorities, post-secondary institutions and other school jurisdictions in Alberta. Prairie Land Regional Division # 25 had related party transactions for the year ended August 31, 2010 with the Government of Alberta recorded on the Statement of Revenues and Expenses and Statement of Financial Position, at the amount of consideration agreed upon between the related parties.

The Prairie Land Regional Division's primary source of income is from the Alberta Government. The Division's ability to continue viable operations is dependent on this funding.

18. PRIOR PERIOD ADJUSTMENTS

The School Generated Funds revenue and expense for the year ended August 31, 2009 have been restated to the gross amount of \$496,443 (from the net amount \$190,770, as previously stated) to reflect retroactive application and adoption of changes in the provisions for not-for-profit organizations in the CICA Handbook (Section 4400.37).

19. BUDGET AMOUNTS

The budget was prepared by the school jurisdiction and approved by the Board of Trustees on November 26, 2009. It is presented for information purposes only and has not been audited.

School Generated Funds (SGF) are funds raised in the community for student activities that come under the control and responsibility of school management. These funds are usually collected and retained at the school for expenditures paid at the school level. SGF does not include any other funds collected at the school but remitted to central office and accounted for by central office (facility rentals, capital assets purchases, etc.)

Notes:

- 1 Excludes fees collected pursuant to Section 60(2)(j) of the School Act (fees related to instructional supplies or materials - essentially textbooks, resource materials in lieu of textbooks, media, software, and materials for classrooms). Fees charged for CEU-related activities are recorded as instruction resource fees, not SGF.
- 2 The sum of "total related expenses" and "total uses of net SGF" is reported as "gross school generated funds" in the Statement of Revenues & Expenses.
- 3 Unexpended SGF is reported as SGF assets and SGF liabilities in the Statement of Financial Position.
